

Household Notes

THIS REMOVES EGG.

In washing dishes one finds that egg, when hardened, is difficult to remove. Put cold water in the cup or plate and stand it aside. This softens the egg and it can easily be washed off in warm water.—New York World.

BUTTER-MAKING BY FREEZER.

The suggestion of a neighbor that I utilize an ice cream freezer as a churn has proved a boon to me, says a writer in Harper's Bazar. Besides the small quantity of cream that can be churned, the work can be done in an incredibly short time. For the amount of ice that I have, about one hundred and twenty-five revolutions of the crank are usually sufficient to bring the butter. The freezer has still another advantage over the churn and that is the ease with which it is cleaned. I shall continue to use it during the winter as well as the summer.

PERFECT DUSTING.

An Indianapolis housewife, says the News, whose home is the perfection of housekeeping, said the other day: "My trial in getting a new housemaid is to teach her and make her do the dusting as I wish it done. It is a very particular work, but it is worth while in these days when there is so much dust everywhere. I have a large supply of cheese cloth squares, neatly hemmed. The maid is required to have a pail of lukewarm water with a little soap powder in it. The cloth is dipped in the water and wrung until it is dry. With this the furniture is wiped, and a dry cloth is rubbed over the woodwork to polish it. I do not believe in brushing the dust off of one article to have it settle on another, and in this way all the dust is collected. It really pays to take the trouble to dust in this way, for much of the dust is entirely removed from the room."

KEEPING BATH TUB CLEAN.

A bath tub that is in constant use should not be very difficult to keep clean.

If the residents of the house are at all neglectful in the matter of rinsing the tub, put up a small towel rack, upon which old towels or rags (clean, of course) might be hung. Above this a notice may be posted to the effect that for the health and comfort of all concerned, it is desired that persons using the bath will please make use of the rags or towels below when rinsing the bath tub.

If this were done by each bather, and the tub were thoroughly scrubbed once a day, its condition should be quite perfect. For the scrubbing take hot water and a soft woolen rag, using any of the cleaning agents, such as sapollo, bon ami, dutch cleanser, etc. Either of these will help to do the work in a very short time.—Washington Star.

CHAMOIS GLOVES.

Chamois gloves are not near so warm as their appearance would warrant one in supposing.

They absorb perspiration so that persons who perspire freely will find them much more comfortable than silk or lisle thread. Again, they are much smarter looking than the fabric gloves and if properly washed are very desirable. It is careless washing that makes them shrink or crack.

The correct method is to make a thick suds of white soap and warm water, and, putting the gloves on the hands, wash in the same way as one would the hands.

When clean, rinse through warm soapy water, then wipe dry as possible with a towel, and if convenient, dry on the hands in the open air.

Another process is to make the suds as described and then wash the gloves as one would a handkerchief or other small article rinsing in warm soapy water. The gloves are then put into a clean cloth and wrung dry.

Afterward they are put on glove trees or pined up where the air will blow freely around them.—Washington Star.

RECIPES.

Strawberry Sponge.—One-third box gelatine or one and one-third tablespoons granulated gelatine one-third cup cold water, one-third cup boiling water, cup sugar, tablespoon lemon juice, cup strawberry juice whites of three eggs, whip from three cups cream. Make the same as orange charlotte.

Berry Sherbet.—Crush 1 pound of berries; add them to 1 quart of water, 1 lemon sliced and 1 teaspoon of orange flavor, if you have it. Let these ingredients stand in an earthen bowl 3 hours. Then strain, squeezing all the juice out of the fruit; dissolve 1 pound of powdered sugar in it; strain again and put on the ice until ready to use.

Lemon Pudding.—Beat the yolks of 4 eggs smooth with 2 tablespoonfuls of granulated sugar, then stir in the juice and grated rind of a large lemon, add 2 tablespoonfuls of boiling water and cook in double boiler, stirring constantly until like thick cream; beat whites of eggs stiff, add to them 2 tablespoonfuls of granulated sugar; when this looks like a meringue it is to be beaten into the yellow mixture while the latter is hot. Serves five people; if 6 eggs are used it will fill a quart dish.

Rice Meat Casserole.—Boil a cup of rice, line a buttered pan with the rice while hot. When cold fill centre with chopped cooked meat of any kind, season well, add gravy. Set in pan of water and bake one-half or three-quarters of an hour. Turn out on a dish and serve with tomato sauce.

Cheese Custard.—Butter a baking dish. Put a layer of bread cut in pieces one inch square with crusts removed. Sprinkle thin sliced cheese over the bread, and dust with salt and a few grains of cayenne. Add other layers of bread and cheese, seasoning as before, using in all about 1 cup of cheese. Beat two eggs slightly, add one pint of milk, pour over bread and cheese. Bake about half an hour in moderate oven.

WORTH QUOTING

The Albany Journal recommends: Try the beefless dinner as a remedy for the reachless prices.

The scientist who advises us to eat seven times a day is not practical enough to consider the prices of food, laments the Atlanta Constitution.

People who are weighed in the balance and found wanting always complain that the scales are out of order, muses the Philadelphia Record.

All men may be born free and equal, but, interposes the Burlington Hawkeye, no man is as independent as a hired girl.

Europe should not complain of graft, admonishes the Atlanta Constitution, since she extended a warm welcome to so many absconding grafters.

Americans have never learned how to govern a great city, announces the Christian Register. Occasionally an intelligent traveller brings home a few European ideas to be grafted into our inchoate system.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of

Chas. H. Fletcher.

and has been made under his personal supervision since its infancy.

Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

The Kind You Have Always Bought

In Use For Over 30 Years.
